Dear Mr. Ruf:

Thank you for your letter received by the Division April 29, 1983 concerning Crater's proposed exploration project in Grand County, Utah. The letter satisfies the notice requirements of Rule M-3(5) of the Utah Mined Land Reclamation Act of 1975, title 40-8, Utah Code Annotated. All information in the letter relating to the location, size or nature of the deposit will be held as confidential material by the Division until written permission to release the information is received.

The Division requires no additional information at this time. We would be pleased to hear from you upon completion of your program. Also, please be advised that should you find the deposit economically mineable a mining and reclamation plan must be submitted for approval to the Division in accordance with title 40-8.
